

Amalgam (silver filling) replacement

1. I hereby authorize Dentics Cancun and all medical staff to dentists or assistants as may be selected by him/her, to treat my condition(s). The procedure(s) necessary to treat the condition(s) have been explained to me, and I understand the nature of the procedure as follows:

2. **I have been informed of my current dental diagnosis and of possible alternative methods of treatment** (if any). With regards to any silver fillings that are still in good working condition, I acknowledge that it is my own choice to replace them with composite (tooth colored) fillings, and that my dentist has not advised me that they need to be replaced for any health issues in the absence of an allergic condition. I understand that there is no generally accepted scientific proof that replacement of silver fillings with composite tooth colored fillings will improve my health.

3. **I further understand** that this is an elective procedure and that other forms of treatment, specifically including no treatment at all, are additional choices that I have, and I have discussed the known risks of these other forms of treatment with my dentist(s).

4. **I understand that replacement** of dental amalgam with composite in a non-allergic patient does not indicate that the doctor is of the opinion that amalgam is a health hazard.

5. **The doctor has explained** to me that there are certain inherent and potential risks in ANY treatment plan or procedure. We do not expect these to occur, but there is that possibility. In this specific instance such risks include but are not limited to the following: • Nerve inflammation leading to hot and cold sensitivity (and/or pain) • The need for endodontic therapy (root canal treatment) • Cracked cusps • A shorter length of serviceability of the restoration with the need for more frequent replacement. In cases where the previous restorations (fillings) are very large, the use of cast or full coverage crowns or bonded porcelain are often recommended.

6. **It has been explained** to me that during the course of the procedure(s), unforeseen conditions may be revealed that may necessitate an extension of the original procedure(s) or different procedure(s) than those set forth in paragraph 1 above. I, therefore, authorize and request that the people described in paragraph 1 above, perform such procedures, as are medically necessary and desirable, in the exercise of their professional judgment. The authority granted under this paragraph 6 shall extend to the treatment of all conditions that require treatment and are not known at the time the original procedure is commenced.

7. **I consent to the administration** of anesthesia, including local, intravenous and/or general anesthesia in connection with the procedure(s) referred to above, by any of the persons described in paragraph 1, and to the use of such anesthetics as may be advisable with the exception of to which I said I was allergic. I recognize that there is always risks to life and health associated with anesthesia and such risks have been fully explained to me.

8. **Medications, drugs, anesthetics** and prescriptions may cause drowsiness and lack of awareness and coordination, which can be increased by the use of alcohol or other drugs; thus I have been advised not to operate any vehicle, automobile, or hazardous devices, or to work while taking such medications and/or drugs, or until fully recovered from the effects of the same. I understand and agree not to operate any vehicle or hazardous device, until I have recovered from the effects of the anesthetic medication and drugs that I may have been given in the office for my care.

9. **It has been explained to me**, and I understand that a perfect result is not guaranteed or warranted, and cannot be guaranteed or warranted.

10. **I agree to cooperate completely** with the recommendations of the doctor while I am under his/her care, realizing the lack of same could result in a less than optimum outcome, and that failure to follow the doctor's suggestions and directions could even be life threatening.

11. **I have been given ample opportunity to ask questions**, and any questions I have asked have been answered in a satisfying manner.

I am freely giving my consent to allow Dentics Cancun and all medical staff to his/her associates to render any treatment necessary my dental conditions.
